

Dec 13th Main Meeting

Denny was auctioneer for all of the fine gifts auctioned off for the support of our club.

Before this auction, our spouses were able to select a hand-made gift of their choosing. They came away with things such as cutting boards, trivets, ornaments, boxes and many other fine gifts. Not to be left out, the men were also able to take home a nice gift of a hat, clamp or other tool to add to their collection.

The auction was represented well and I'm told that this year brought in the most funds (\$1151) ever from this event. Great job to all of you who took time to make these wonderful items and to you who thought they were worth something! Make plans now to craft a few items for the Dec 2008 auction and let's see if we can top this one!
