

The Hardwood Herald

February 2008

The newsletter of the Florida West Coast Woodworkers Club, Inc.
An organization of men and women who are devoted to increasing their skills in woodworking.

There were 36 present at the January 10th main meeting.

Letter from the President

This year is off to a grand start. Our first meeting at Roberts Hardwoods was a great success. No complaints and much praise. Also, our club had three members who entered projects at the State Fair. Joe Mathis a first place in FRET WORK with his Presidents and Indians, and a first place in INTARSIA with his palm tree and sea gulls. Both of which are outstanding pieces of work. Well done Joe. Bill Cowan with a second place with his (as always) beautiful crafted jewelry box in FINE HANDCRAFTED FURNITURE ACCESSORIES (sits on furniture) outstanding work Bill. John SLEZAK (me) with a first place in FINE HANDCRAFTED FURNITURE ACCESSORIES with a set of bandsaw boxes and also a best of show

in FINE HANDCRAFTED FURNITURE with the Philadelphia pie crust tea table. While at the judging a member of the St. Petersburg club posed an invitation/challenge. Next year add an entry from each club with a team effort project to be judged without prizes. If this is approved I would also add that we auction the entries and each club take their proceeds to be used for charitable expenses. Buying toys, cash donations etc.

KEEP MAKING GOOD SAWDUST
John Slezak
