

Main Meeting Show and Tell

Denny Wetter presented his 2X4 turning of a segmented vase which won him first place in the 2X4 contest in April. **Gene Mathes** showed 2 playing card holders made from mahogany which will be given away as this first door prize. Each month the first door prize winner provides the next month prize. This beautiful turning, done by **Gordon Cook**, is made from Norfolk Island Pine which he spalted. Looks like a spittoon to me. **Peter Tihy** Showed two bowls he turned. One of cherry and one of walnut. **John Philips** brought salt & pepper shakers made from maple and finished with only buffing. This quarter's show and tell drawing prize went to **Bob Long**. It was a \$25 gift certificate to Woodcraft.
